## RUSSIAN RIVER PINOT NOIR

Rolando feels passionately that the Russian River provides one of the world's best micro-climates for Pinot Noir. The cool climate allows for a long growing season resulting in rich and concentrated grapes.

### STARTING IN THE VINEYARD

A perfect vintage despite the continued drought conditions. Slightly cooler and drier than in recent vintages, veraison - and subsequently harvest - came early but with plenty of hang-time to develop their flavors. The result was beautifully concentrated fruit of outstanding quality.

### TO THE CELLAR

Once the grapes are destemmed, they are fermented in chilled steel tanks to preserve the fresh fruit and juicy flavors. Remarkably rich color and ripe tannins come from 25 days of skin contact.

### IN YOUR GLASS

Deep crimson in color, raspberries, baking spices, rose petal, and a hint of bay leaf greet the nose. Bold flavors of bright bramble fruit with an undercurrent of cinnamon, cedar and florals. The finish displays fine-gained tannins that indicate this wine will age with grace.

### ON YOUR TABLE

The rich flavors in this wine calls for meaty and earthy flavors. Pair with roasted pork loin and mushroom risotto. For lighter fare, try with grilled salmon and roasted tomatoes.
