MT. VEEDER "Lynne's Vineyard"

CABERNET SAUVIGNON

Situated amidst the rustic beauty and diverse microclimates, at the top of the famous Mt. Veeder AVA, this hillside vineyard sits at 900 to 1,200 feet, depending on where you are. The gravel, clay, rocky soil and the great sun exposure make this a unique and complex wine.

VINEYARD

The 2023 has been a successful vintage in both quantity and quality. The heavy winter and early spring rainfall provided vines with sufficient soil moisture and nutrients. Unlike previous drought years, vines had access to a larger area of moist soil, which supported stronger canopy development. Favorable conditions during flowering also contributed to good fruit set. With proper crop management, growers were able to maintain balanced fruit development and avoid overcropping.

CELLAR

This 100% Cabernet Sauvignon begins with a 5–7 day cold soak, allowing the mountain fruit characteristics to develop greater depth and intensity. Fermentation followed over 25 days in stainless steel tanks, preserving the wine's structure and vibrant fruit profile. Exceptionally age-worthy, this Cabernet Sauvignon is built to evolve gracefully over the next 20+ years, revealing greater depth, nuance, and elegance with time.

GLASS

Bold and captivating, the Mt. Veeder Cabernet Sauvignon pours a stunning inky black that clings to the glass. The nose is immediately enticing, lifting notes of exotic pine and lavender, beautifully layered with dark plum and savory anise. The journey across the palate is seamless, delivering luscious flavors of cassis and espresso. Structured and powerful, this wine culminates in a persistent finish defined by rich cocoa, fine leather, and a lingering whisper of toffee.

TABLE

A beautifully marbled, perfectly grilled ribeye, rich and tender with bold, savory flavor and a beautifully caramelized crust, crisp golden fries.

Vintage 2023
Varietal 100% Cabernet Sauvignon
Appellation Mt Veeder
Vineyard Lynn's Vineyard
Oak 70% New French
Aging 22 Months
Alcohol 14.5%
